Project Overview |

Kitty Zone is my specialized digital store for cat lovers, providing everything from adoption and supplies to educational guides and grooming services.

Key features |

- **Cat Marketplace: Buying, selling, and ethical adoption.**
- **Pet Supplies: Food, litter, and essential accessories.**
- **Educational Handbooks: Guides for different growth stages.**
- **Cat Services: Booking for grooming and boarding services.**

Current Progress |

I have fully finalized the project concept and service architecture. Currently, I have officially moved into the actual development phase to build the platform's features and database.
